

# TRI-COUNTIES DINNER MEETING

## Agenda:

5:30pm-6:30pm  
Social & Registration

6:00pm-7:15pm  
Networking

7:30pm-9:00pm  
Dinner & Presentation

## Cost:

Enroll on or before 9/30/16 for  
Early-Bird Discount

## Early Bird / Regular

## Individual Tickets

Members: \$45 / \$55  
Non-Member: \$55 / \$65  
Students: \$25 / \$25

## Onsite Fee: \$10

## Reserve a Table of 8:

Member: \$315 / \$385  
Non-Members: \$385 / \$455

## Exhibit/Sponsorship Opportunity

Single Event: \$425  
Package of 4 Events: \$1500  
(limited to 10 sponsors total)

## Includes:

- Exhibit Table
- 2 Exhibitor Tickets (incl. Dinner)
- 2 Dinner Tickets

## PRESENTATION: GALVANIZE IT!

"The Galvanize It! seminar will update you with the latest information about hot-dip galvanized steel and provide some insight on corrosion. For more than 100 years, hot-dip galvanizing has been a mainstay of North American industry. Used in myriad applications in some of the harshest environments, hot-dip galvanizing combats corrosion throughout the world. Though corrosion resistance is inherent any time galvanizing is used, more specifiers select hot-dip galvanizing now for other reasons including lowest initial and life-cycle cost, durability, longevity, versatility, sustainability, and aesthetics. Once you understand the intrinsic benefits of a galvanized coating, we will examine the appropriate ASTM specifications and best design practices for successful hot-dip galvanizing.

## PRESENTER

Melissa Lindsley, Marketing Director  
American Galvanizers Association

Melissa Lindsley started at the American Galvanizers Association (AGA) as a Marketing Coordinator in 2005, and has twice been promoted – to Marketing Manager in 2007 and Marketing Director in 2012. Melissa developed and teaches the Galvanize It! seminar series, writes AGA's technical and marketing publications as well as editorials for industry magazines, and answers technical and application questions, while in the office and on the road at various industry tradeshows. She plays an integral role in shaping the initiatives of the AGA and serves as a voice for the North American hot-dip galvanizing industry.
