SEAOSC/ACI JOINT EVENT A DISCUSSION ON MODULUS OF ELASTICITY (MOE)

Wednesday, May 19, 2021

12:00pm - 2:00pm

Moderator:

Don Kahn
Largo Concrete

Speakers:

Cary Kopczynski
ACI President &
CEO, CKC Structural Engineering

Andreas Tselebidis
Director of Sustainable Concrete Technology
Solutions, Master Builder's Solutions

Presentation:

ACI President and CEO of CKC, Cary Kopczynski, and Master Builder's Solutions Director of Sustainable Concrete Technology & Solutions, Andreas Tselebidis, will present case studies and share their experience with MOE - from when to specify it, understanding the variables that impact MOE, how MOE is measured and the importance of accurate testing methods and procedures, and how the local SoCal aggregate can affect MOE and overall concrete performance. Cary will also provide a summary of new ACI initiatives, both domestically and internationally.

Presentations will be followed by Q&A and an open forum discussion.

Wednesday, May 19, 2021
